

DRAFT  
Site Visit Plan for DEEP  
Washington, D.C.  
April 13-23 - Azerbaijan

Outcomes:

As a result of these site visits, you will be able to:

- Exchange information and develop a preliminary plan to increase the effectiveness of civic education and civic engagement in your country;
- Adapt curricular and pedagogical models for use in your country through exchanges with American educators;
- Examine the role of government and non-governmental organizations in supporting and/or promoting democratic ideals and how that applies to your civic education plan;
- Identify resources for additional information including technical assistance providers to support your civic education program;
- Develop strategies for continuing the dialogue started with American educators by using electronic networks and other means to link teachers and students;
- Assist American teachers with lesson development to sustain ongoing relationships for long-term planning; and
- Describe and demonstrate best practices in teaching civic education
