Topic: iEARN Annual Conference cancellation

With this letter we acknowledge you that the iEARN 15th Annual International Conference and 12th Youth Summit were cancelled due to several explosions which took place in Bukhara city on July 10th, 2008. Due to the safety of all participants, it was decided to cancel the event and move all arrived participants to Tashkent city. The situation took urgent action once we have found out about explosions and for the whole week after the first explosions took place, it was not safe to stay in Bukhara city and several explosions continued.

Due to cancellation of the conference, your fees that you have paid to participate in the conference will be reimbursed. Your meals fees will be fully reimbursed, your hotel will be 90% reimbursed and due to the fact that conference fees are paid for preparations for the conference, we will not be able to reimburse your conference fees.

It is our sorrow that we are not able to meet this year face to face but we will be happy to continue our work with you and promote international education together.

In case you need more information about the Conference, please contact me.

Sincerely,
Anatoliy Kochnev
Director, iEARN Uzbekistan Center
